**Expressive One-Word Picture Vocabulary Test (EOWPVT-4, ROWPVT-4)**

<b>Availability:</b>	<p>Please visit this website for more information about the instrument:</p> <p style="text-align: center;"><a href="#">Expressive One Word Picture Vocabulary Test</a></p>
<b>Classification:</b>	Supplemental for Mitochondrial Disease (Mito) and Multiple Sclerosis (MS)
<b>Short Description of Instrument:</b>	<p><b>Author(s):</b> Edited by Rick Brownell, MA</p> <p>Co-normed tests help you make comparisons of a child’s receptive and expressive vocabulary skills. The ROWPVT-4 and EOWPVT-4 are individually administered, norm-referenced assessments. The ROWPVT-4 tests an individual’s ability to match a spoken word with an image of an object, action, or concept. The EOWPVT-4 tests an individual’s ability to name, with one word, objects, actions, and concepts when presented with color illustrations. The tests target the ability to understand the meaning of words spoken and name what is depicted on a test plate without context.</p> <p><b>Users &amp; Applications:</b></p> <ul style="list-style-type: none"> <li>• Documenting vocabulary development</li> <li>• Screening for early language delay</li> <li>• Examining word/concept retrieval in aphasia</li> <li>• Obtaining an indirect indication of some</li> <li>• cognitive skills</li> <li>• Evaluating intervention programs</li> </ul> <p><b>Standardization:</b></p> <p>Both tests were standardized on English-speaking individuals ages 2 through 80+ years residing in the United States.</p> <p><b>Content &amp; Administration:</b></p> <p>The ROWPVT-4 and EOWPVT-4 each feature 190 test items with full-color illustrations.</p> <ul style="list-style-type: none"> <li>• With the ROWPVT-4, the child identifies one of four illustrations that depict the meaning of a stimulus word that you present.</li> <li>• The EOWPVT-4 requires the child to name the object, action, or concept illustrated on a test plate that you present.</li> <li>• Assessing reading skill</li> </ul>
